

March 2022

Children's Area Now Open!

We are beyond ecstatic to announce the new youth area is now open. Our new children's area is a 1,400 square foot space full of engaging materials and interactives. The library worked with Quinn Evans Architects for the expansion and renovation. Custom interactives and play spaces were designed by Burgeon Group, a Phoenix based company that works exclusively with public libraries.

Construction is still ongoing for the library's new program and study spaces, so you will still need to pardon our dust for a short while longer. A grand opening is being planned for late Spring 2022.
