

3-D Printer Policy

The Durham Public Library's 3D printer is available to make three-dimensional objects in plastic using a design that the patron has provided as a digital computer file.

1. The Library's 3D printer may be used for lawful purposes only. The public will not be permitted to use the Library's 3D printers to create material that is:
 - a. Prohibited by local, state, or federal law.
 - b. Unsafe, harmful, dangerous or poses an immediate threat to the well-being of others (Such use may violate the terms of use of the manufacturer).
 - c. In violation of another's intellectual property rights. For example, the printers will not be used to reproduce a material that is subject to copyright, patent or trademark protection.
2. The Library reserves the right to refuse any 3D printing request.
3. The patron will be responsible for the full cost of a successful print including any rafts or supports used. Patron will be charged .10/gram for the material used.
4. 3-D printing staff will notify the patron if their object costs more the \$5.00 to print. If an object will cost less than \$5.00 it will be printed without further consent of the patron.
5. Print-on-demand objects must require less than 6 hours to print each piece. Multi-piece requests will be considered on a case-by-case basis.
6. Only designated Library staff and volunteers will have hands-on access to the 3D printer.
7. The Library reserves the right to review all files before printing and to refuse scanning and/or producing any content that is deemed to be in violation of law or the Library Code of Conduct Policy.
8. Schedule and access to the 3D printer will be determined by Library staff.
9. Supervision of the use of the 3D printer by Library staff does not constitute knowledge, or acknowledgement, of any unapparent final use of the 3D product, and the Library specifically disclaims any knowledge thereof.
10. The Library is not responsible for injury, damage or loss caused as a result of the use of the 3-D printer or any item(s) printed on the 3D Printer.
11. The Library is not responsible for any quality of content produced on the 3D printer.
