Reference

- Adult & YA reference assistance:
- Working with researcher on Italian Immigration in Southbridge.

Safety and Security

- Police officers conducted various walk-throughs during the month.
- Two small alcohol bottles were found 4/18.
- Vandalism in elevator car on two occasions. One requiring a service call.
- Police called as person was sitting on the staff bench at east side of building smoking marijuana and the smoke was coming in through the windows 5/24

Staff

- Recruiting for the page position. High school senior Grace Marderosian has resigned to prepare for college.

Tax Abatement Personnel

- The program is underway and participants have all worked a minimum of 25 hours.

Technology

- New router installed 4/9 by C/WMARS, at no cost to the town.
- The ScanPro microfilm machine serviced and cleaned. He investigated the ticket that was placed and determined it was an issue with the film itself 4/10
- Evergreen ILS (Integrated Library System) upgraded on 4/15 and we have experienced a few glitches since and are working with the C/WMARS network to resolve.

- Adult Services Librarian is updating the virus protection and licensing, an annual task that is time consuming and demands attention to detail. I have spoken with both Symantec/Norton and Faronics (Deep Freeze) about the staff time that the manual updates take to install in each public machine.
- WiFi Printing is no longer available after the recent system upgrade. We will need to purchase software for this purpose.
- Still experiencing issues with the recently installed router. Working with network staff to resolve.
- Six of the security cameras were offline but were re-connected within 24 hours.

Teen

- Teen Tech will continue on the YA area until the end of April. We will encourage tweens and teens to participate in the Tech Scavenger Hunt with the promise of a robot prize
- The Adult Services Librarian is developing a STEM-related program for the future entitled "Tech O.R." In the Tech O.R. (Operating Room), we will focus on a specific media each month, and will break down and analyze said media in order to learn more about that specific format of data delivery.

Training

- Participated in a webinar for ARIS/State Aid 5/23. There is new software and I will be attending the trainings.
