10. REPORTS OF OFFICERS:

A.) Reports from Department Heads

1. Acting Police Chief Zarate
- One of our longtime residents had passed away.
 - One Officer was released from FTO Training, another will be ready for duty.
 - Assisted ISP with a fatal crash on I55 near Cicero Avenue.
 - School patrol is out making sure the kids are safe as school is back in session.
 - Full-Time Police Officer Cipriani has resigned.

Police activity and the amount of stops in town was discussed.

2. Fire Crew on Duty
- No news to report at this time.

Discussion ensued regarding the Block Party and the bouncy house.

Village President Miller mentioned that the Fire Department stopped at the Block Party to visit, hose the kids down, pass out hats and wristbands and take a group photo that we will include in the Fall Newsletter.

3. Tanner Miller, Water Operator
- Lakeshore Recycling called, they could not close their fire hydrant. Public Works arrived and had to shut it down in the ground. Contractors use this hydrant, and if the proper wrench is not used, they could strip it causing an issue with shut down. A supplier will be coming out to see which parts are

needed. The Fire Department has a key on the truck to open the fire hydrant if needed for an emergency.

- On August 18, 2021 we received an alarm at three a.m. for a low chlorine level at the pump house. After testing the levels, everything looked good. At four a.m. we received an alarm again. Upon inspection, the chlorine level had to be raised. In the morning, we noticed some lines were clogged. The lines were changed and everything is working. No residents were affected.
- We have raised the No Semi sign on 46th & Harlem Avenue. We ordered the Con Global Entrance sign with their entrance address to be installed under the No Semi sign. Hopefully this will cut down on truck traffic.
- The property north of the pump house was contacted and trees were cut and removed away from the pump house fence line.
- There was a shipping incident with the lead & copper testing samples. We will be resubmitting samples.

4. Village Administrator Mike Dropka

- Sent a letter to MWRD regarding the possibility of using their truck scale to begin implementing an overweight truck ticketing program with the Police Department. We would enter into an intergovernmental agreement.
- Initial results are starting to come in from Azavar. We found three places that are giving sales tax to Chicago instead of Forest View. Work is continuing on this.
- Working with Brad Clark on putting together a plan to televise and clean the storm and sanitary sewer and water pipes. A request for proposals will be put together by Hancock Engineering. This has not been done in approximately twenty years. The condition of the pipes should be viewed before any street resurfacing is done. This may have to be completed in two phases.
- Brad Clark came out and we walked the levee. As confirmed and initially discussed, the levee is not complete and still needs work to be done. Brad and I will be restarting the conversation with the Army Corps of Engineers to get this going.
- Met with BP on August 12, 2021 regarding the upgrade of their location as well as the proposal that was presented. Working together with Joy and researching numbers to see how this plan will benefit the Village.
- We had our initial Oktoberfest meeting. Met with the Park District and we will be working together on this event. Oktoberfest will be held on Saturday, October 16, 2021 from 1:00 p.m. to 7:00 p.m.
- Found a Forest View Fire Department trailer parked in the garage at Kinder Morgan. The trailer has been there for years.
