

Board Game Circulation Policy

Stephens Central Library has an extensive and growing collection of designer and mass market board games housed in the STEAM Central Makerspace.

These games will be available for check-out during regular STEAM Central hours. These items have multiple pieces that can be easily lost or damaged rendering the game unplayable, therefore a few special rules have been put in place to ensure games are returned in good condition.

- Patrons are responsible for checking for missing parts and notifying staff of missing components before checking the game out.
- Games may be checked out for 2 weeks with 1 renewal.
- Borrower must be 18+, with an adult library card in good standing.
- Two board games may be checked out per household at a time.
- Returns must be made in person, to either STEAM Central staff during standard STEAM Central operating hours, or the Circulation Desk at Stephens Central Library during standard library operating hours.
- Games will be assessed a late fee of \$1.00 per day.
- A fine of \$10.00 will be assessed for returning games to the drop-box or to another branch.
- Patron are responsible for the replacement cost of the game if it is returned with missing pieces or damage beyond normal wear and tear.
